Knockoff Painkiller cocktail

This is one of our favorite ways to celebrate after a day on the water, but you can drink it on land as well!

- 4 ounces pineapple coconut juice (Knudsen for me)
- 2 ounces orange juice
- 1 to 2 ounces Pusser's or other dark rum
- Sprinkling of fresh nutmeg

Combine the liquids in a cocktail shaker filled with ice. Stir well, then pour into glass filled with ice and garnish with a sprinkle of nutmeg. This is definitely tasty enough to serve without the rum too, if you prefer...
